PRESIDENT M'KINLEY ISSUES A STATEMENT TO THE AMERICAN PEOPLE.

AN EFFECTUAL QUIETUS

Is Not and Will Not Be a Candidate and Will Not Accept the Nomination If It Is Tendered Him—His Only Ambition Is to Serve Out His Present Term to the Acceptance of His Countrymen.

Washington, June 12.—President McKinley has put an effectual quietus on the third term talk that has gained some currency in the newspapers through interviews with certain well known Republicans favoring the re-nomination of the president for a third term. Shortly before the cab-

inet meeting adjourned, Secretary Cortelyou gave to the press a signed statement by the president intended for the American people, announcing that he was not a candidate for a third term and would not accept a renomination if one were tendered.

A decision to issue such a statement was reached Monday night when the president read to the members of the cabinet his proposed statement, at the same time personally pledging each to secrecy until public announcement was made. The cabinet, on hearing the reasons the president advanced, which are substantially set forth in the public announcement, that talk of a third term would react on the national policies the administration is endeavoring to promote, coincided with the view of their chief that the present was an opportune time for its promulgation. The phraseology of the announcement was considered further by the cabinet and after a change or two from the original draft Secretary Cortelyou was directed to make it public. The president's intimate personal and political friends later expressed themselves as

Not Surprised at the Decision

announced, but quite generally concluded that they had not expected such an announcement at this time, thinking that the president would not so quickly take heed of the third term gossip. They said, however, that they believed that the president had shown his quick and excellent political judgment by crushing the third term movement in its very birth.

The text of the statement is as follows:

"I regret that the suggestion of a third term has been made. I doubt whether I am called upon to give it notice. But there are now questions of the gravest importance before the administration and the country and their just consideration should not be prejudiced in the public mind by even the suspicion of a thought of a third term. In view, therefore, of the reiteration of the suggestion of it, I will say now, once and for all, expressing a long-settled conviction, that I not only am not and will not be a candidate for a third term, but would not accept a nomination for it, if it were tendered me."

"My only ambition is to serve through my second term to the acceptance of my countrymen, whose

generous confidence I so deeply appreciate, and then with them to do my duty in the ranks of private citizenship."

—William McKinley."

Invitation to President McKinley to Attend Deadwood Carnival.

Chicago, June 12.—President McKinley will receive on next Saturday a unique invitation to attend the carnival at Deadwood, S. D., beginning on July 3, which will celebrate the opening of the Black Hills reservation by white people 25 years ago. The invitation is engraved on a solid gold plate. William S. Warner of Deadwood passed through Chicago on his way to Washington, carrying the invitation. The celebration is expected to prove of great interest to the Western states. Vice President Roosevelt and Senator Allison of Iowa have promised to attend.

are like coals of fire. There is no hope of saving anyone in the mine and it may be a year before the bodies are recovered."

HOLDING HER OWN.

IT IS IMPOSSIBLE TO RESCUE ANY OF THE FORT ROYAL MINE VICTIMS.

OPINION OF MINE INSPECTOR

May Be a Year Before the Bodies Are Recovered—Death List Reduced to Sixteen With Seven Badly Injured. Is the Greatest Mine Disaster Ever Known in the History of That Part of Pennsylvania.

Port Royal, Pa., June 12.—As a result of the explosion in the Port Royal mines of the Pittsburg Coal company, sixteen men are dead, seven injured and thousands of dollars worth of property destroyed. The official list of dead and injured was made public by the coal company's officials. It is as follows:

The dead recovered: William McCune, superintendent of the company's mines along the Baltimore and Ohio railroad; Taylor Gunsalus, Sr., and Fritz Kruger.

Those still entombed in the mine and known for a certainty to be dead: William F. Allison, assistant superintendent of mines; Dennis Wardley, foreman, mine No. 1; John Keck, foreman, Darr's mine; Michael Roy, foreman, Euclid mines; John Canto, machine boss; Samuel Hadley, assistant foreman; Peter Marchando, John Stickie, Bernard Ball, Taylor Gunsalus, Jr., Jerry Daly, John Peeples and David James.

The injured: Smith, Harry Beveridge, Robert McKinney, Charles McCaffery, Clarence Settle, Daniel McCullough and Thomas Fleason, all badly burned and bruised. Harry Beveridge and Smith cannot live. Twelve of the dead were men who went into the mine as rescuers.

What caused the explosion and loss of life is something the mine inspectors of the Ninth and Eleventh districts spent the greater part of the day trying to find out. The officials of the coal company declare that none but Regulation Mine Lamps Were Used, while others are of the opinion that one of the men carelessly opened one of the lamps and caused one of the greatest mine disasters in the history of Moreland county. It is said that for more than two weeks men have been at work in Mine 2, where the first explosion occurred, erecting cribbing between entry 2 and entry 21. Much of the cribbing had been placed in position, and it was while doing this work that Peeples, Davenport, Stickie and Daly met death.

The explosion was a terrific one and for fully three hours after it happened no one entered the shaft. During the day the situation again reached a climax when Mine Inspector Bernard Callahan, accompanied by several men, descended the shaft and started upon an investigating tour of the mine. The men gave the signal to be lowered down at 9:44 and about an hour afterward a terrific report was heard. It was another explosion and grave fears were entertained as to their safety. The story of the men was told by Callahan:

"Our escape was miraculous. I have never been in a mine wrecked like this one. I am nearly exhausted from swallowing fire damp. My lungs

are like coals of fire. There is no hope of saving anyone in the mine and it may be a year before the bodies are recovered."

Hot Weather at Washington Checks Mrs. McKinley's Recovery.

Washington, June 12.—Mrs. McKinley's improvement was less marked than it has been of late, though it was stated that on the whole she had a little more than held her own. The weather here is very warm and to this it is thought may be attributed the check on her recovery. The greatest apprehension now felt is with reference to the inflammation of the membranous lining of the heart, but it is asserted positively that this is yielding slowly to treatment. Except for the nurses, Mrs. McKinley sees no one except the president and Miss Barber, her niece.

GOT NO DIPLOMA.

Radical Action by Annapolis Authorities on the Hazing Question.

Annapolis, Md., June 12.—For being present when Naval Cadet Dorch was hazed last fall, Naval Cadet Merlyn G. Cook of Kansas City, one of the first class men of the naval academy, failed to receive his diploma of graduation. To academy authorities held that Cook, being a member of the first class, ought to have interfered and stopped the hazing of Cadet Dorch. Cook stands 23 in his class of 67 members and is one of the youngest cadets in it.

Van Rensburg Surrenders.

London, June 12.—Lord Kitchener reports to the war office under date of Pretoria, June 11, as follows: "Commandant Van Rensburg and his commando have surrendered at Pieterburg. One hundred men have come in, and others are following."

Injured in a Tornado.

Sioux City, Ia., June 12.—A small tornado in Lyon county, north of this city, demolished a number of houses. The 3-year-old son of J. N. Armstrong was killed. Armstrong and his wife were badly hurt and probably will die.

DEPORTATION OF SU SHIN CHING.

Question to Be Determined by Assistant Secretary Taylor.

Washington, June 12.—The question of the deportation of Su Shin Ching, the prominent Chinese official reformer, now under arrest at San Francisco, will be determined by Assistant Secretary of the Treasury Taylor.

The question of his right to land is very much involved, the collector at San Francisco declaring that Su's papers are entirely correct and regular and the Chinese consul general insisting that he obtained admission through false pretenses. It is thought at the department that there may be a good deal of Chinese politics mixed up in the case, but the matter will be held in abeyance until in response to Secretary Taylor's order, all the papers bearing on the case reach here.

Will Have a Church to Start With.

Iowa Falls, Ia., June 12.—A new town in this county will probably enjoy the distinction of having a church edifice for its first building. It is the first station south on the new Des Moines, Iowa Falls and Northern road, but the exact site is not known. This does not interfere with the plans of the membership of the Evangelical church in that part of the county and \$700 has been subscribed for a \$1,200 church edifice.

The officials of the coal company declare that none but Regulation Mine Lamps Were Used, while others are of the opinion that one of the men carelessly opened one of the lamps and caused one of the greatest mine disasters in the history of Moreland county. It is said that for more than two weeks men have been at work in Mine 2, where the first explosion occurred, erecting cribbing between entry 2 and entry 21. Much of the cribbing had been placed in position, and it was while doing this work that Peeples, Davenport, Stickle and Daly met death.

The explosion was a terrific one and for fully three hours after it happened no one entered the shaft.

During the day the situation again reached a climax when Mine Inspector Bernard Callahan, accompanied by several men, descended the shaft and started upon an investigating tour of the mine. The men gave the signal to be lowered down at 9:34 and about an hour afterward a terrific report was heard. It was another explosion and grave fears were entertained as to their safety. The story of the men was told by Callahan:

"Our escape was miraculous. I have never been in a mine wrecked like this one. I am nearly exhausted from swallowing fire damp. My lungs

are like coals of fire. There is no hope of saving anyone in the mine and it may be a year before the bodies are recovered."

HOLDING HER OWN.

Hot Weather at Washington Checks Mrs. McKinley's Recovery.

Washington, June 12.—Mrs. McKinley's improvement was less marked than it has been of late, though it was stated that on the whole she had a little more than held her own. The weather here is very warm and to this it is thought may be attributed the check on her recovery. The greatest apprehension now felt is with reference to the inflammation of the membranous lining of the heart, but it is asserted positively that this is yielding slowly to treatment. Except for the nurses, Mrs. McKinley sees no one except the president and Miss Barber, her niece.

GOT NO DIPLOMA.

Radical Action by Annapolis Authorities on the Hazing Question.

Annapolis, Md., June 12.—For being present when Naval Cadet Dortch was hazed last fall, Naval Cadet Merlin G. Cook of Kansas City, one of the first class men of the naval academy, failed to receive his diploma of graduation. To academy authorities held that Cook, being a member of the first class, ought to have interfered and stopped the hazing of Cadet Dortch. Cook stands 23 in his class of 67 members and is one of the youngest cadets in it.

Van Rensburg Surrenders.

London, June 12.—Lord Kitchener reports to the war office under date of Pretoria, June 11, as follows: "Commandant Van Rensburg and his commando have surrendered at Pietersburg. One hundred men have come in, and others are following."

Injured in a Tornado.

Sioux City, Ia., June 12.—A small tornado in Lyon county, north of this city, demolished a number of houses. The 3-year-old son of J. N. Armstrong was killed. Armstrong and his wife were badly hurt and probably will die.

DEPORTATION OF SU SHIN CHING

Question to Be Determined by Assistant Secretary Taylor.

Washington, June 12.—The question of the deportation of Su Shin Ching, the prominent Chinese official reformer, now under arrest at San Francisco, will be determined by Assistant Secretary of the Treasury Taylor.

The question of his right to land is very much involved, the collector at San Francisco declaring that Su's papers are entirely correct and regular and the Chinese consul general insisting that he obtained admission through false pretenses. It is thought at the department that there may be a good deal of Chinese politics mixed up in the case, but the matter will be held in abeyance until in response to Secretary Taylor's order, all the papers bearing on the case reach here.

Will Have a Church to Start With.

Iowa Falls, Ia., June 12.—A new town in this county will probably enjoy the distinction of having a church edifice for its first building. It is the first station south on the new Des Moines, Iowa Falls and Northern road, but the exact site is not known. This does not interfere with the plans of the membership of the Evangelical church in that part of the county and \$700 has been subscribed for a \$1,200 church edifice.

CURBSTONE CHAT.

Henry I. Cohen: It seems to me when the gentlemen get ready to build the new Park Opera house it will be an advisable thing for the city to take the trees which have to be removed of necessity and transplant them in the park; this could be done at a small expense and it would add to its attractiveness.

Mayor Halsted: You might state that the business men better hurry up and number their places of business. Nearly all the resident portion of the city has been numbered, the merchants being the only ones lacking, and unless they attend to this the chief of police will call on them in a few days to make the request.

City Clerk Low: You might say that I have a good supply of tags on hand. The ordinance does not require that owners of dogs be notified, and unless the ordinance is complied with some arrests may follow soon.

F. O. Gold, Renville: Located thirteen settlers on lands in the northern part of the county this week. They are all looking this way.

COUNTY EXHIBITS LOOKED FOR

The State Fair of 1901 is to be replete with many new

Features.

President John Cooper, St. Cloud and Secretary E. W. Randall, Hamline, officers of the Minnesota State Agricultural Society, were in the city this morning having just returned from a short trip for recreation through the northern part of the county.

Incidentally the gentlemen called on Secretary J. M. Elder, who is the local representative of the society, and talked over state fair matters as relating to Crow Wing county.

Secretary Randall is particularly anxious to have good showing at the state fair this year from individual counties. He said: "It would be a great advantage to the state fair and the different counties as well to have more county exhibits. It would prove very advantageous to Crow Wing county.

It is one of the youngest counties in the state and such an exhibit as this county is able to furnish would be a big advertising card. By this exhibit there could be displayed the grains, grasses, vegetables, fruits and other agricultural and horticultural products of Crow Wing county.

The state fair offers a total of \$1800 in prize money for county exhibits and there is no reason why Crow Wing county can't get in on this.

The first time the state fair ever offered premiums for county exhibits Crow Wing took first premium and that was over sixteen years ago. This may be news to some people but it is a fact and at that time Crow Wing competed with a large number of counties too. Many new features are to be added to the program this year. One of the most important is the national shorthorn show. We expect a big attendance and the fair will be better than ever. The gentlemen left this noon for their homes.

Neighborhood Gossip.

Peter Ferguson, an employee of Trana's saw mill at Akeley was horribly mangled and afterward died from the wounds received while working on a carriage in the mill.

The Fargo Fire Festival is a thing of the past for this year. The rain on the first day rather marred the program but every one feels good, as the moisture was a welcome visitor.

Mrs. Michael Atkinson was victimized of a cool \$1,000 at Melrose by a Gypsy woman. \$750 of the stolen money and some of the Gypsy gang have been captured by Sheriff Schilpin.

F. L. Durand, for several years connected with the Crookston Times is now city editor of Polk County Journal. Fred is a good newspaper man and the Journal has made no mistake.—Akeley Independent.

Sheriff A. L. Irwin, of Wadena, was at the reformatory today with William Adams, sentenced to a term on conviction of grand larceny. He also had in charge Richard Westra, who was sentenced to two years in the penitentiary upon conviction of assault in the first degree. He left for Stillwater this afternoon.—St. Cloud Times.

Chief Creamer has arranged for some extra policemen during the convention to look after the crooks that always come with crowds, such as will be here, and the crooks will be carefully watched. He suggests that the citizens safeguard their own interests by carefully locking their doors nights and during the time they are absent from home—Crookston Daily Journal.

About a year ago the lumber plant and the business section of Virginia, Minn., were burned, and some of the losers attached the blame for the fire to the lumber company. A suit was begun against the company, and after a lengthy trial at Duluth a verdict was secured against the company for the amount demanded, \$5,240. Other claims that rest on the same basis amount to nearly \$1,000,000. The company by this jury, is held responsible for not taking proper precautions. The case will be appealed, and the final outcome will be watched with a great deal of interest.—Daily Transcript.

KATRINE.

Sunday will be observed as children's day at Bay Lake.

The DISPATCH did not reach us on Saturday, something unusual.

The road overseers will soon be calling you up on that road work.

The mill will finish the logs next week, then comes the shingles and lath.

There was no preaching on Sunday, our supply failing to put in an appearance.

We saw the soldier boys on their march to Brainerd, and one of them gave us a piece of hard tack for memories sake.

A brother of Mrs. Colby Skillings, one of the soldier boys, made her a short visit while the regiment was passing.

ECHO.

NORTH END GOSSIP.

Messrs. Mecham, Roy and Howard are fencing a large pasture for their stock.

Robt. Andrews is a dandy in the field, especially when a fly ball comes his way.

Owing to the recent cold weather the crops have received a set back of several days.

A. Martin and Albert Best, of Algona, Iowa, are up in this country locating homesteads.

Calahan & Co. are shipping large quantities of fish, the pickerel biting ravenously these cold days.

For a small crowd the Emily people can make more noise over a ball game than an army of painted warriors.

It's an ill wind that blows no good and the cool weather has cleaned out the flies so the stock can go to pasture without being eaten up alive.

M. B. Bryant has disposed of his interests in the southern part of the state and says he is well pleased here. Hope he will make up his mind to locate among us.

How is this? Our homestead partners say we are exempt from realty taxes, while the assessors are taxing us on every acre of land under the plow, to say nothing about the taxes we pay on our houses and other buildings.

The ball game between the Emily team and the married men resulted in a bad defeat for the former, the score standing 13 to 7, with one inning in favor of the winning team, notwithstanding the efforts of the young ladies the married men fairly wiped up the earth with the young lads.

COUNTY EXHIBITS LOOKED FOR

The State Fair of 1901 is to be Replete with Many New

Features.

President John Cooper, St. Cloud and Secretary E. W. Randall, Hamline, officers of the Minnesota State Agricultural Society, were in the city this morning having just returned from a short trip for recreation through the northern part of the county.

Incidentally the gentlemen called on Secretary J. M. Elder, who is the local representative of the society, and talked over state fair matters as relating to Crow Wing county.

Secretary Randall is particularly anxious to have good showing at the state fair this year from individual counties. He said: "It would be a great advantage to the state fair and the different counties as well to have more county exhibits. It would prove very advantageous to Crow Wing county. It is one of the youngest counties in the state and such an exhibit as this county is able to furnish would be a big advertising card."

By this exhibit there could be displayed the grains, grasses, vegetables, fruits and other agricultural and horticultural products of Crow Wing county.

The state fair offers a total of \$1800 in prize money for county exhibits and there is no reason why Crow Wing county can't get in on this. The first time the state fair ever offered premiums for county exhibits Crow Wing took first premium and that was over sixteen years ago. GOV. VAN SANT TO REVIEW THIRD.

Minnesota's Chief Executive To Be A Guest at Camp Holland To-Morrow.

Battalion Drill and Target Shooting To-Day... Company F Brainerd's Pride.

Tomorrow will be a big day at Camp Holland. Governor S. R. Van Sant has been requested by the boys to be present and he sent word last night that he would come and be at camp tomorrow. It will be governor's day and the boys at the camp are looking forward to the event with a great deal of pleasure.

It is probable that a parade will be given through the principal streets of the city on this account and in the evening of course the soldiers will pass in review of Minnesota's executive. Col. Johnson is very anxious that there be a good attendance at the dress parade tomorrow night.

There was an unusually large crowd out to the camp grounds last night to witness the first dress parade. The gathering clouds gave evidence of rain but this did not deter the arrangements as mapped out and the boys passed in review for the first time in camp. It was a very pleasing sight, the regiment as a whole making an excellent showing. By last night the boys had shaved and cleaned up and had rested during the afternoon and they looked quite presentable considering their long march.

Upon arriving yesterday afternoon one of the first things to do was to name the camp. It was decided to call it Camp Holland and it will be known as such throughout the stay of the boys in the city.

The parade last night was under command of Lieutenant Col. Johnson. The officers for today were given. Capt. Kinne, Co. D, is officer of the day; Lieut. Davis, Co. D, officer of the guard; Lieut. Bonham, Co. D, junior officer of the guard.

The camp is laid out very pleasantly, some of the officers thinking that it far excels in point of beauty the camp grounds at Lake City, with which all national guardsmen in the state are very familiar. The headquarters have been established on a small elevation on the grounds near the centre and the company quarters occupy a prominent position to the west. At headquarters Captain VanDuzee, adjutant of the regiment, can be found at all times, ever courteous and obliging.

The shooting commenced this morning, the second battalion going out to the ranges. The first battalion now includes Companies F, D and C. Since arriving at Camp Holland, the battalions have been changed entirely, F of Brainerd, D of Zumbrota, and C of Duluth, forming the first; I of Morris, G of Princeton and E of St. Paul, composing the second; and companies A, H and B forming the third. This arrangement will stand until further notice. This puts the Brainerd company in the first battalion, which is quite an honor and the boys are very much pleased.

The time this morning was consumed in battalion drill by those who were not taking part in the target shooting. Lieut. Staples was excused and went to St. Paul for a short visit.

A change was made in the order in which the different battalions went out on the ranges, on account of the absence of company C. Originally it was thought that the battalions would be sent out in their regular order, but the second battalion had to be sent first. Tomorrow the first battalion will go out and on Friday the first will be given a chance.

The guard detail for tomorrow will be: Officer of the day, Captain Caswell, Company G; officer of the guard, Lieut. Caley, Company G; junior officer of the guard, Lieut. Southard, Company G. These men belong to Princeton's company. The Princeton company has the largest number of men present this year. There are sixty-two.

OUR HOME COMPANY.

The DISPATCH may be excused from referring to Company F, of Brainerd, with a few flattering remarks, for the organization is one to be proud of, the officers and men making a fine

RAISED THE ANTE

J. H. Burton's Saloon, known As "Last Turn," Has Been Touched Up
For A Few.

When R. D. Holden's saloon was entered a few nights ago it was thought that the work of the burglars was a pretty daring piece of business, but the culprits that performed that deed are not the "only pebbles." The men who entered the saloon of J. H. Burton, known as the "Last Turn," went the other fellows one better.

The amount taken in Holden's saloon was something like \$20, and at the "Last Turn" the ante was raised, the burglars getting away with \$27.25. One queer coincidence regarding the two burglaries is the fact that at each place the men did not take any liquor and at each place a five-cent Canadian piece was left in the till.

The burglary was done in the small space of fifteen minutes while the bartender, Leon Roffidal, had gone out to his lunch about 2:45 o'clock in the morning. The entry was made through the back door. It was not bolted very strongly and it was simply rammed in with very little exertion.

M. Burton states that he has a good idea who committed the burglary and arrests may follow. He states that if he is not badly mistaken he can go to the man and place his hand on him but of course he feels that it would avail him naught unless some evidence can be secured against the culprit.

MUNICIPAL COURT MATTERS.

Lemere Case Continued Again...Joseph Goddard Up on Charge of Assault is Fined.

Judge Mantor, of the municipal court, continued the case of the state against Jerry Lemere again this morning for one week, on account of the absence of County Attorney Alderman from the city.

The case against John Rodman was dismissed for want of evidence, the complaining witness, Officer Brockway, not putting in an appearance.

There was a new case in court this morning. Joseph Goddard was before his honor being charged with assault in the third degree. The complaining witness was John H. Paine and both parties live near Bay Lake. Mr. Paine alleged that Goddard most unmercifully pounded him for a trivial matter. His face was a horrible sight, one eye being almost closed and from the appearance of the gashes it was thought that some instrument was used but of course Mr. Paine could not swear positively to this. It seems that some calves belonging to Goddard got into Paine's garden and it is claimed because the latter turned them out the former administered the trouncing. Goddard was fined \$5 and costs which he paid.

COURT HOUSE REPAIRS.

Resident Members of the Board of County Commissioners To Make Some Radical Changes

There is a feeling of delight among those whose offices are in the court house over the action of the board of county commissioners in taking steps to have the interior of the building renovated and repaired.

The work will commence as soon as the settlement season is over. New floors will be put in, the wood work will all be varnished and the walls both in the offices and in the halls will be papered. Instead of hanging posters etc. on the walls as heretofore a large bulletin board will be put up. The improvements are much needed and the news will be heralded with a great deal of favorable comment.

New vault fixtures will also be put in the auditors office. At present the space for important documents is entirely inadequate and as the business in this office is constantly growing there is an increasing necessity in this line.

BRAINERD GETS TOURNAMENT

Firemen's Convention will Be Held Here In 1903--At New Ulm Next Year

NOTES OF THE CONVENTION

Welcome Address Delivered By Mayor Campbell. Large Delegations Present.

The firemen's tournament at Crookston is largely attended according to telegraphic despatches. The convention was called to order yesterday morning by Mayor N. Campbell. The chief address was delivered by Attorney General Douglas on the subject, "Relation of Fire and Insurance Companies." Mayor Tillotson, of Moorhead, was heard on the subject, "Fire Chiefs vs. City Councils," and A. D. Stephens, of this city, spoke of "Fire Fighters in General and Their Loyalty and Patriotism as Compared to Volunteer Soldiers."

The Minneapolis Masonic quartet is making a big hit and is the warmest proposition on the program. The Hallock and Crookston teams are interesting the crowds with base ball. The races and contests by the firemen began at the close of the business session at 4 p.m.

Although the weather has threatened for three days, no rain has yet fallen and the state firemen's convention is in full blast and highly successful, both in interest and attendance. Minneapolis leads in numbers present, forty delegates headed by Chief Runge being here, together with many visitors outside the department. Hallock has thirty-five members present, Thief River Falls and Bemidji twenty each. The three places last named have sent running teams to compete with Crookston in the prize event and contest. All visiting delegations were met at the trains by the consolidated Crookston, Argyle; Hallock and Thief River bands, and escorted to the department headquarters to register.

Following is the race and sport program:

June 11, 4 p.m.—Association service wet test between teams consisting of sixteen men each; first prize, \$65; second, \$35.

Hook and ladder service test; first prize, \$65; second, \$35.

June 12, 1 p.m.—Coupling contest; first prize, \$12.50; second, \$7.50; third, \$5.50.

Ladder climbing contest; first prize, \$12.50; second, \$7.50; third, \$5.50.

5 p.m.—Champion hub and hub race, 200 yards; first prize, \$65; second, \$35.

Foot races and other athletic sports.

GOV. VAN SANT TO REVIEW THIRD.

Minnesota's Chief Executive To Be A Guest at Camp Holland To-Morrow.

Battalion Drill and Target Shooting To-Day... Company F Brainerd's Pride.

Tomorrow will be a big day at Camp Holland. Governor S. R. Van Sant has been requested by the boys to be present and he sent word last night that he would come and be at camp tomorrow. It will be governor's day and the boys at the camp are looking forward to the event with a great deal of pleasure.

It is probable that a parade will be given through the principal streets of the city on this account and in the evening of course the soldiers will pass in review of Minnesota's executive. Col. Johnson is very anxious that there be a good attendance at the dress parade tomorrow night.

There was an unusually large crowd out to the camp grounds last night to witness the first dress parade. The gathering clouds gave evidence of rain but this did not deter the arrangements as mapped out and the boys passed in review for the first time in camp. It was a very pleasing sight, the regiment as a whole making an excellent showing. By last night the boys had shaved and cleaned up and had rested during the afternoon and they looked quite presentable considering their long march.

Upon arriving yesterday afternoon one of the first things to do was to name the camp. It was decided to call it Camp Holland and it will be known as such throughout the stay of the boys in the city.

The parade last night was under command of Lieutenant Col. Johnson. The officers for today were given. Capt. Kinne, Co. D, is officer of the day; Lieut. Davis, Co. D, officer of the guard; Lieut. Bonham, Co. D., junior officer of the guard.

The camp is laid out very pleasantly, some of the officers thinking that it far excels in point of beauty the camp grounds at Lake City, with which all national guardsmen in the state are very familiar. The headquarters have been established on a small elevation on the grounds near the centre and the company quarters occupy a prominent position to the west. At headquarters Captain VanDuzee, adjutant of the regiment, can be found at all times, ever courteous and obliging.

The shooting commenced this morning, the second battalion going out to the ranges. The first battalion now includes Companies F, D and C. Since arriving at Camp Holland, the battalions have been changed entirely, F of Brainerd, D of Zumbrota, and C of Duluth, forming the first; I of Morris, G of Princeton and E of St. Paul, composing the second; and companies A, H and B forming the third. This arrangement will stand until further notice. This puts the Brainerd company in the first battalion, which is quite an honor and the boys are very much pleased.

The time this morning was consumed in battalion drill by those who were not taking part in the target shooting. Lieut. Staples was excused and went to St. Paul for a short visit.

A change was made in the order in which the different battalions went out on the ranges, on account of the absence of company C. Originally it was thought that the battalions would be sent out in their regular order, but the second battalion had to be sent first. Tomorrow the first battalion will go out and on Friday the first will be given a chance.

The guard detail for tomorrow will be: Officer of the day, Captain Caswell, Company G; officer of the guard, Lieut. Caley, Company G; junior officer of the guard, Lieut. Southard, Company G. These men belong to Princeton's company. The Princeton company has the largest number of men present this year. There are sixty-two.

OUR HOME COMPANY.

The DISPATCH may be excused from referring to Company F, of Brainerd, with a few flattering remarks, for the organization is one to be proud of, the officers and men making a fine

RAISED THE ANTE

J. H. Burton's Saloon, known As "Last Turn," Has Been Touched Up For A Few.

When R. D. Holden's saloon was entered a few nights ago it was thought that the work of the burglars was a pretty daring piece of business, but the culprits that performed that deed are not the "only peebles." The men who entered the saloon of J. H. Burton, known as the "Last Turn," went the other fellows one better.

The amount taken in Holden's saloon was something like \$20, and at the "Last Turn" the ante was raised, the burglars getting away with \$27.25. One queer coincidence regarding the two burglaries is the fact that at each place the men did not take any liquor and at each place a five-cent Canadian piece was left in the till.

The burglary was done in the small space of fifteen minutes while the bartender, Leon Roffidal, had gone out to his lunch about 2:45 o'clock in the morning. The entry was made through the back door. It was not bolted very strongly and it was simply rammed in with very little exertion.

Mr. Burton states that he has a good idea who committed the burglary and arrests may follow. He states that if he is not badly mistaken he can go to the man and place his hand on him but of course he feels that it would avail him naught unless some evidence can be secured against the culprit.

MUNICIPAL COURT MATTERS.

Lemere Case Continued Again--Joseph Goddard Up on Charge of Assault is Fined.

Judge Mantor, of the municipal court, continued the case of the state against Jerry Lemere again this morning for one week, on account of the absence of County Attorney Alderman from the city.

The case against John Rodman was dismissed for want of evidence, the complaining witness, Officer Brockway not putting in an appearance.

There was a new case in court this morning. Joseph Goddard was before his honor being charged with assault in the third degree. The complaining witness was John H.

Paine and both parties live near Bay Lake. Mr. Paine alleged that Goddard most unmercifully pounded him for a trivial matter.

His face was a horrible sight, one eye being almost closed and from the appearance of the gashes it was thought that some instrument was used but of course Mr. Paine could not swear positively to this.

It seems that some calves belonging to Goddard got into Paine's garden and it is claimed because the latter turned them out the former administered the trouncing. Goddard was fined \$5 and costs which he paid.

COURT HOUSE REPAIRS.

Resident Members of the Board of County Commissioners To Make Some Radical Changes

There is a feeling of delight among those whose offices are in the court house over the action of the board of county commissioners in taking steps to have the interior of the building renovated and repaired.

The work will commence as soon as the settlement season is over. New floors will be put in, the wood work will all be varnished and the walls both in the offices and in the halls will be papered. Instead of hanging posters etc. on the walls as heretofore a large bulletin board will be put up. The improvements are much needed and the news will be heralded with a great deal of favorable comment.

New vault fixtures will also be put in the auditors office. At present the spaces for important documents is entirely inadequate and as the business in this office is constantly growing there is an increasing necessity in this line.

BRAINERD GETS TOURNAMENT

Firemen's Convention will Be Held Here In 1903--At New Ulm Next Year

NOTES OF THE CONVENTION

Welcome Address Delivered By Mayor Campbell. Large Delegations Present,

The firemen's tournament at Crookston is largely attended according to telegraphic despatches. The convention was called to order yesterday morning by Mayor N. Campbell. The chief address was delivered by Attorney General Douglas on the subject, "Relation of Fire and Insurance Companies." Mayor Tillotson, of Moorhead, was heard on the subject, "Fire Chiefs vs. City Councils," and A. D. Stephens, of this city, spoke of "Fire Fighters in General and Their Loyalty and Patriotism as Compared to Volunteer Soldiers."

The Minneapolis Masonic quartet is making a big hit and is the warmest proposition on the program. The Hallock and Crookston teams are interesting the crowds with base ball. The races and contests by the firemen began at the close of the business session at 4 p.m.

Although the weather has threatened for three days, no rain has yet fallen and the state firemen's convention is in full blast and highly successful, both in interest and attendance.

Minneapolis leads in numbers present, forty delegates headed by Chief Runge being here, together with many visitors outside the department. Hallock has thirty-five members present, Thief River Falls and Bemidji twenty each. The three places last named have sent running teams to compete with Crookston in the prize event and contest. All visiting delegations were met at the trains by the consolidated Crookston, Argyle; Hallock and Thief River bands, and escorted to the department headquarters to register.

Following is the race and sport program:

June 11, 4 p.m.—Association service wet test between teams consisting of sixteen men each; first prize, \$65; second, \$35.

Hook and ladder service test; first prize, \$65; second, \$35.

June 12, 1 p.m.—Coupling contest; first prize, \$12.50; second, \$7.50; third, \$5.50.

Ladder climbing contest; first prize, \$12.50; second, \$7.50; third \$5.50.

5 p.m.—Champion hub and hub race, 200 yards; first prize, \$65; second, \$35.

Foot races and other athletic sports.

THE GRAND EXHIBITION.
Company C, Duluth, returned from St. Paul this afternoon, and tomorrow night the grand military historical exhibition will be given at the driving park. Arrangements have been made so that all can get seats and the amphitheater will be well lighted with government torches.

On the program will be the United States in blue uniform presenting calisthenics, Lieut. C. Josten commanding. Another number will be Japanese mountaineers in skirmish drill, Sergt. Flodin commanding. Other numbers will represent Imperial guards at the time of Napoleon Bonapart, Lieut. Lawrence commanding; grand international fantasy and patriotic airs of two continents by Third Regiment band; Emperor William's black hussars; Major Resche commanding; British sailors in cutlass exercises, Capt. Little commanding; Arabian sons on the desert, Corporal Hanson commanding; Royal Swedish hussards of the time of Gustavus Adolphus, Sergt. Lemieux commanding; Roman swordsmen at the time of Ceasar Augustus in complete armor, Lieut. Josten commanding; United States in khaki and heavy marching orders; a complete modern American soldier ready for the field, Capt. Little commanding.

Besides these numbers there will be vocal and instrumental music.

JUDGES WILL BE AMERICAN.
Act Organizing Courts Passed by the Philippine Commission.

Manila, June 12.—The act organizing the courts has been passed by the United States Philippine commission. The judges' oath does not include support of the Constitution of the United States. Commissioner Ide, author of the act, opposed the inclusion of this feature and the other commissioners did not insist that it should be included.

Judge Taft diplomatically explained that the appointment of American judges was necessary in instituting the reformed system and intimated that the natives who criticized the appointments ought to realize that the commission was the best friend of civil government and progress and urged them to assist it. He hoped the difficulties of holding courts with the use of interpreters would be obviated in a year.

Statement by President Reynolds of the Metal Trades Association.

New York, June 12.—About 300 representatives of the metal trades held a conference here at the call of the National Metal Trades association. The session was held behind closed doors. President Reynolds gave out a lengthy statement of the position of the association as to the machinists' strike, which was prepared by the administration council. The statement reviews the Chicago agreement as to arbitration made in March, 1900, and accuses the machinists of violating it. It also charges that the machinists willfully misconducted and misrepresented the agreement of May, 1900.

A great number of new firms were accepted as members of the association.

ROCKHILL HAS THE EDICT

It Calls for the Destruction of All the Archives—Seems That Library Was Intentionally Set on Fire—Majority of Ministers Opposed to Submitting Indemnity Question to The Hague Tribunal.

Peking, June 12.—A meeting of the foreign ministers during the day showed better prospects of their coming to some definite understanding, the majority favoring the acceptance of China's offer of 465,000,000 taels as the amount of the indemnity to be paid to the powers. There was considerable discussion as to how the 4 per cent interest could be collected. Mr. Rockhill will present at the next meeting an expression of the American desire to finish the business at The Hague. A majority of the ministers confess themselves against the proposition, thinking that within the next 10 days everything can be adjusted.

In the meantime the present military preparations for the departure of the troops and the Chinese intentions regarding the return of the court to Peking seem premature. The powers may force a decision in the matters remaining to be adjusted.

OBJECT TO THE TAXES.

Pearl Fishers in the Southern Archipelago Protest to Washington.

Washington, June 12.—An issue has been presented to the war department growing out of the exactions by the sultan of Jolo upon pearl fishers in the waters of the Southern archipelago. These taxes are small compared with the value of the fisheries and have been levied by the sultan for many years past. Up to this time they have never been questioned, but now certain foreign corporations that have brought to the pearl fisheries improved apparatus and methods claim that they are exempt from this sort of taxation under the treaty of 1885 between Spain on the one side and England, Germany and France on the other, whereby Spain guaranteed to the other powers the freedom of the fisheries in these waters. The question was referred to the war department by Major Sweet, one of the senior officers in the Southern Islands, and he is now awaiting a decision.

In the meantime the present military preparations for the departure of the troops and the Chinese intentions regarding the return of the court to Peking seem premature. The powers may force a decision in the matters remaining to be adjusted.

Mr. Rockhill has the translation of an edict by the wording of which it would seem that the library of the Forbidden City was intentionally set on fire by orders of the court and was not struck by lightning, as was reported by the foreign guards.

The edict was for the destruction of all the archives. The fire must have happened the day after the receipt of the telegraphic edict, though at the time a rumor of the receipt of the edict was denied by Prince Ching and Li Hung Chang.

TAKES A LONG TIME.

Settlement of Method of Paying Chinese Indemnity Very Slow.

St. Petersburg, June 12.—The impression prevails in official circles here that the mode of paying the Chinese indemnity will not be settled for a long period, possibly not until the present ministers at Peking are replaced. It is thought they would all welcome a change of post and that new men would be ready to settle the differences. While Russia is not pressing the guaranteed loan proposition because the constitutional powers could not guarantee the loan without legislative consent, which would necessitate delay, the plan is not withdrawn. The British proposition is not acceptable.

Mr. Rockhill's arbitration proposal causes some wonder, since the mode of payment is hardly considered a suitable issue for a legal determination.

Will Keep a Garrison at Shanghai.
London, June 12.—Lord Cranborne, the under foreign secretary, replying to a question in the house of commons as to whether Germany meant to maintain a large military force at Shanghai, said the government understood Germany intended to continue keeping a garrison there. Kansas City, June 12.—Not since the Democratic national convention have so many visitors from all parts of the United States been in Kansas City as are gathered here to attend the 27th national meeting of the Nobles of the Mystic Shrine, and gorgeously apparelled Arabs have illuminated the streets all day. With two parades, a session of the imperial council and sightseeing, the Shriner have spent an exceedingly busy day. The imperial officers were escorted from the Hotel Baltimore to the Standard theater in the morning by all the uniformed Shriner and a large number of carriages. After the welcoming speeches, all but delegates were excluded and the council entered upon its business, considering reports of officers and committees.

Harvard Student Instantly Killed by a Chemical Engine.

Boston, June 12.—H. S. Bigelow of Buffalo, a freshman at Harvard, was instantly killed by a chemical engine of the Cambridge fire department. The students claim the driver of the engine deliberately drove his engine into the crowd of students. Bigelow was caught under the wheels. As soon as the students realized what had happened they made a wild demonstration, but cool heads prevailed and the firemen were allowed to return to their stations.

Boston, June 12.—H. S. Bigelow of Buffalo, a freshman at Harvard, was instantly killed by a chemical engine of the Cambridge fire department. The students claim the driver of the engine deliberately drove his engine into the crowd of students. Bigelow was caught under the wheels. As soon as the students realized what had happened they made a wild demonstration, but cool heads prevailed and the firemen were allowed to return to their stations.

OBJECT TO THE TAXES.

Pearl Fishers in the Southern Archipelago Protest to Washington.

Washington, June 12.—An issue has presented to the war department growing out of the exactions by the sultan of Jolo upon pearl fishers in the waters of the Southern archipelago. These taxes are small compared with the value of the fisheries and have been levied by the sultan for many years past. Up to this time they have never been questioned, but now certain foreign corporations that have brought to the pearl fisheries improved apparatus and methods claim that they are exempt from this sort of taxation under the treaty of 1885 between Spain on the one side and England, Germany and France on the other, whereby Spain guaranteed to the other powers the freedom of the fisheries in these waters. The question was referred to the war department by Major Sweet, one of the senior officers in the Southern islands, and he is now awaiting a decision.
